MADE IN CHINA

****SIDE 2 of Bag****

MAN POWER GG GREENS GRANULAR

CAUTION:

The material contains manganese and should only be used as recommended; it may prove harmful when misused. MAN POWER GG may discolor concrete, and any other masonry surfaces, etc. Contact with these surfaces should be avoided.

FOR USE AS A FERTILIZER INGREDIENT:

This product should be used on the basis of a soil and/or tissue analysis. For fertilizer application rates suitable for your geographical area or the maximum allowable application rate per hectare (per acre), consult a trained soil specialist or write to BR Global, LLC. Manganese deficiency is usually associated with neutral or calcareous mineral soils, with calcareous muck, and with organic soils that have been burned. Manganese deficiency is highly unlikely on soils that have a pH below 6.8 due to rapid soils fixation.

Signal Word

Warning

Hazard Statements

Harmful if swallowed

May cause damage to organs through prolonged or repeated exposure

Precautionary Statements - Prevention

Wash face, hands and any exposed skin thoroughly after handling

Do not eat, drink or smoke when using this product

Do not breathe dust/fume/gas/mist/vapors/spray

Precautionary Statements - Response

IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell

Rinse mouth

Precautionary Statements - Disposal

Dispose of contents/container to an approved waste disposal plant

Other Hazards

Toxic to aquatic life with long lasting effects
